Microwave Filter Company, Inc. Recognized for Quality Performance

Microwave Filter Company, Inc. has been honored by the Defense Supply Center Columbus as one of the government's best suppliers. The Company received the Supplier Excellence Silver Award in 2005 and in 2006 for providing an exemplary level of contract performance.

The firm supplies passive electronic filters to the Department of Defense and other government agencies.

“This recognition means we have supplied a product the government can be confident in using”, said Carl F. Fahrenkrug, President and CEO of the company.

To be eligible, vendors must have shipped 50 or more contract line items for DSCC during a 12-month period. The award winners have met the stringent quality and delivery requirements established by the Defense Logistics Agency.
